---

Temp-Press Inc. is proud to announce the opening of our new service and controls division within **Temp-Press Inc.** The recent acquisition of **Total Control System Services** has greatly broadened our service capabilities, now enabling us to provide instrument programming, field calibrations, start up, and complete installations. Additionally **Temp-Press** was selected to represent both **Acromag Signal Conditioning** and **Hach Flow Division** in Upstate New York. **Total Control System Services** had represented for both manufactures for over 25 years. Fred Pawlak and Mark Boswell have partnered with **Temp-Press**, bringing over 70 years of experience in instrumentation and field service work.

total control  
system services

We would also like to introduce our newest and highly qualified employee, Jeremy Karas. Jeremy will be training with Fred Pawlak for the next few years. This will ensure a smooth transition between **Total Control System Services and Temp-Press Inc.** We look forward to servicing all your instrumentation and controls needs.

**We are your dedicated partner for all your service, industrial, municipal, power generation & HVAC needs.**

Here's an example of our capabilities:

- **Power Generation**
  - Instrumentation for monitoring, steam control, gas generators, boilers & auxiliary equipment.
- **Service & Repair**
  - At Temp-Press we have the ability to service, repair, and calibrate the instruments we sell.
- **Chemical Process & Industrial Manufacturing**
  - Chemical plants, filtration & process control skids.
- **Water & Wastewater**
  - Instrumentation, controls, flowmeters & filtration products.

We're certain Temp-Press has the products, service and support to meet your needs.
